

## EduNet Webinar Agenda

**EduNet Webinar:** Digital Photodocumentation Techniques-Part 1 & 2

**Length:** 1.5 Hours

**Course Description:** Accurate genital photographs are an essential part of the evaluation of children who may have been sexually abused. Part 1 and 2 of this webinar will provide an overview of digital photodocumentation techniques to help you obtain high quality photographs.

**Learning Objectives:**

1. The participant will be able to explain what elements are essential for effective digital photodocumentation.
2. Participant will be able to state why effective photodocumentation is important for documenting child abuse evaluations.

**Instructor Bio: John Melville, M.D.**

Dr. Melville recently completed a fellowship in child abuse pediatrics at the University of Texas Health Science Center in San Antonio. He completed his residency at Akron General Medical Center and Akron Children's Hospital in internal medicine/pediatrics. Dr. Melville, a San Diego native, graduated from the University of California at San Diego School of Medicine with his medical degree. He holds two master degrees, one in clinical investigation from the University Texas Health Science Center at San Antonio and the other in computer science from Brigham Young University. He earned his undergraduate degree in computer science from Brigham Young University.
